"Here, it truly feels like home and I'm surrounded by friends and family. I can enjoy all the activities while feeling safe, protected and happy.

After a 4 month lockdown in another community, where I was made to feel like a prisoner in my own home, I'm in charge of my life again.

Here I Feel ALIVE!!!"

"After a great day of golf, where I shot my age, I decided to visit Sycamore Reserve.

When touring, I really enjoyed meeting the other residents, the staff is great and I love the food!

It's an extremely friendly atmosphere with lots of fun activities for an independent person such as myself.

I loved it so much, I moved in days later and couldn't be happier with my decision."

"It seems like Sycamore Reserve was made just for us. I feel like I should thank my daughter every day for suggesting we might be happy here!

We are!"
